### We Roar as One!

What a Term! If you could put a heap of challenges into one term, this was it! Our community has not just risen to the challenge, but risen above it, to inspire each of us to turn lemons into lemonade. I am so proud of all of you, who have adhered to COVID-19 restrictions, however hard it has been, and I must commend our front-line Necia, who has managed so much of the day-to-day 'stuff' (and trust me, there's a lot of it) around student health, assuring parents, late arrivals, early departures, forgotten lunch orders and chasing up attendance (a departmental requirement). My office is next door, and while I am not there a lot, the phone rings constantly while I am. How she managed to audit the Shop stock, contact every consignor (48 in total) and totally revamp the Shop management, is a miracle to me!

We have worked so hard, and just like kids, when you are acknowledged for the hard work you have done, it encourages you to work harder. I want to thank our Governing Council and all of the parents/caregivers who have expressed gratitude for our efforts to keep your kids learning and safe during the virus.

In the words of John Lennon, 'Life is what happens to you, while you're making other plans.' During COVID, most of us have been making other plans, but some of our parents/caregivers have had plans made for them around their health. We have a number of parents who are doing it tough, and it humbles and challenges us to support them, and their children to build the resilience, through love, to get through incredibly tough times. Our community is amazing and I keep being humbled by the way you respond to the challenges a number of our families face.

Necia has sent you all an email from me, regarding the latest easing of restrictions. We are working on aligning how we will return to our 'new normal' while still guaranteeing learning against adult social distancing. Already we have changed a few things since that email.

. Playgroup will recommence in Week 2 next term, when we excitedly launch its new name 'Tiny Tigers'. We will be able to socially distance adults by separating the Receptions from the Playgroup. More information will be provided in Week 1.

. While we have cancelled Masterclasses, we have committed to 'String Pictures' for Year 7s; as they pointed out - 'This is a Year 7 rite-of-passage.' We thank Tony Brown, who will lead a group of support personnel to allow the Year 7s to realise their dream.

. Next term, our assembly process will change. We will move to fortnightly assemblies (in even weeks), held at 2:45pm. Every class will present at the assembly. We are still unsure about parental audience participation, but we will let you know next term.

The first day of Term 3 is a Student Free Day. The model for funding students with disabilities and learning difficulties has changed, and we will be working with the Inclusive Education Support Program (IESP) team to ensure we are able to use these changes to support all students.

#### Payment of 2020 School Fees

A reminder that school fees are due to be paid by the end of Term 2 (**Friday 3rd July 2020**) unless other arrangements have been made with the school. If you are still to pay, and are having difficulty meeting this date, please contact Annie to discuss. [dl.0302.finance@schools.sa.edu.au](mailto:dl.0302.finance@schools.sa.edu.au)

Have a safe break and see you on Tuesday (21st July) of next term.

Warm Regards, Rita

Government of South Australia  
Department for Education

### Upper Primary Timelines

The Upper Primary unit has been learning about Migration in HASS. Students had to design a timeline showing the waves of migration since the arrival of the First Fleet.

These timelines meet the success criteria to a high degree. Pictured from right are timelines by Ledja, Haydn and Brandon from the Upper Primary Gold class. Work by the Upper Primary Black class will be featured next term.

#### Timeline Success Criteria

- The scale is balanced
- The timeline is planned
- Each wave of migration is represented
- Each time frame is correct
- There is added detail supporting each wave of migration
- The timeline is visually appealing

### Australian Migration History

**First Fleet**, From 1788 to 1868 Britain transported more than 160,000 convicts from its overcrowded prisons to the Australian colonies, forming the basis of the migration from Europe to Australia. When these first Europe arrived they did not find an empty as expected. They were outnumbered by more than 500,000 Indigenous Aboriginal people whose ancestors had lived in Australia for at least 50,000 year!

**Popular and the perish**, In the years after the world war 2, Australia stepped up its immigration with the catchphrase 'Populate or Perish' It negotiated agreements to accept more than 2 million migrants and disposed people from Europe offered assisted £10 passages to on million British migrants, nicknamed 'ten pound poms.'

**Boat People**, In the late 1970's, just as the last migrants to travel by ocean liner arrived in Australia, a new wave of seaborne refugees docked in Darwin, Firstly from East Timor and then from Indonesia. They were followed by a second wave of boat people from Cambodia, Vietnam and southern China in the late 1980's and 1990's.

**Labourers**, In the second half of the 19-century south sea islanders were recruited to work on Queensland sugar plantations, Afghan came less played a vital role in the exploration and opening of the Australian outback, and Japanese divers contributed to the development of the mining industry.

**Free Immigrants**, Between 1793 and 1850 nearly 200,000 free assisted immigrants chose to migrate to Australia to start a new life. The majority were English agricultural workers or domestic servants who outnumbered the Irish and Scottish migrants.

**White Australia**, Following Federation in 1901 Australia's newly-formed Federal parliament passed the immigration restriction act, which placed certain restrictions on immigration and aimed to stop Chinese and South Sea Islanders from coming to Australia. These laws, known as the white Australian policy, were administered by a dictation test and informed Australian attitudes to immigration for the next 50 years.

**Asylum seekers**, Since the late 1990's increasing numbers of asylum seekers fleeing conflict in the Middle East and Sri Lanka have arrived in Australia by boat. They are distinct from the previous two waves of boat in that they usually involve larger numbers of arrivals and their passage is often organised by people smugglers.

**Thousands of Chinese people** came to Australia during the 1850's gold rushes.

**Late 1970 Boat People Wave 1** People from Cambodia, Vietnam and Southern China entered Australia in the late 1980 And 1990.
